

Downloadable Media from OverDrive for the Kindle

What You Need:

- A Kindle or Kindle app (for Windows, Mac, iPad, iPhone, Android, or BlackBerry)
- An Amazon account
- An active BPL library card number and PIN

What You Can Download:

- Kindle books (not Adobe EPUB or Adobe PDF eBooks)

Instructions:

1. Go to our Downloadable Media Catalog* at **brooklyn.overdrive.com**. If you are using a Kindle Fire, you can do everything from your device. If you are using a different type of Kindle, you will need to do Steps 1-7 on a computer.
2. When you find a title you want, click or tap **Borrow**. (If the title is not currently available, you have the option to Place a Hold.)
3. If you're not already signed in, sign in with your library card number and PIN.
4. Go to the  **Loans** page (under your Account), find the item you just borrowed.
5. Click or tap **Download**, and select the **Kindle Book** format.
6. Amazon.com's Get Your Digital Library Loan screen will open. You will need to sign into Amazon if you're not already logged in there.
7. Choose the device or Kindle app you want to deliver your title to and click or tap "Get library book".
8. Launch your Kindle or Kindle app on your device. You'll need to connect to a wireless network for the title to sync to your device. If you have a Kindle 1 or 2, or if you've borrowed a title whose publisher requires a manual connection to a computer to access the book, you will need to connect via USB to sync it.

* You may also search, borrow, or place a hold on Kindle eBooks through the main library catalog at brooklyn.bibliocommons.com
