Scope and Content Note

This collection contains historic and contemporary printed ephemera of Brooklyn. Although often created for temporary, practical business and social needs (i.e., a ticket stub for a dance or a business card), printed ephemera can often reveal much more nuanced information about the time and place in which it was produced. Commercial businesses, schools, municipal boards and commissions, and other clubs and organizations produced the material that is in this collection, which spans more than 150 years of Brooklyn history. New material is constantly being added.

Restrictions

Access Restrictions

Collection is located in the Brooklyn Collection at the Central Branch at Grand Army Plaza. The collection may only be used in the library and is not available through interlibrary loan. Requests to view the collection must be made at least 48 hours in advance of visit.

Use Restrictions

While many items in the Brooklyn Collection are unrestricted, we do not own reproduction rights to all materials. Be aware of the several kinds of rights that might apply: copyright, licensing and trademarks. The borrower assumes all responsibility for copyright questions.

Arrangement

The collection is arranged alphabetically by subject. Ephemera from similar sources are grouped under one subject heading (i.e. “Banks” and “Restaurants”), with sub-categories for each establishment, person, or organization. There are many oversize items in the collection – these are indicated with either (OS Cabinet 14.5) or (OS Box 1-9) at the end of the folder name, referencing their location. If the listing says **see also** and indicates an oversize location, there is both a standard size and oversize ephemera file for the subject.
